## EXPERIENCE

### IT CONSULTANT | PROXYWORK 2025/6 -PRESENT

IT Consultant

- At Proxywork, I work as an IT Consultant, Product Owner, and Software Architect.
- I contribute to the design and delivery of ERP systems and shopping applications for multiple clients, and I lead the rebuilding of legacy applications using Angular, with a strong focus on modern architecture, performance, and maintainability.

### FREELANCE DEVELOPER | 2025

Web Developer

- Creation of dynamic websites for large companies specializing in import-export, such as ainasserdoun.net, sogexe.com, and sousvide.ma ,rentyourcar.net ...

### WEB DEVELOPER | DIGEX 2022/6 - 2024/9

Web Developer

- Collaborated with a Germany-based senior team to build digital management systems for clients, including a scalable invoicing system with a robust backend architecture.
- Developed a time management system to streamline workflows and track employee performance.
- Focused on delivering modular, maintainable, and user-friendly solutions tailored to client needs, contributing to efficient and scalable digital transformation.

### FREELANCE WEB DEVELOPER 2021-2022/06

Web Developer

- Worked on a wide range of projects across different domains, providing custom web development solutions

### FREELANCE DEVELOPER | OUZOUDCARREAUX 2020-2021

Web Developer

- Developed a robust Inventory Management System using Laravel and jQuery for a company specializing in tiles and bathroom accessories.

### COMMERCIAL SALES REPRESENTATIVE | NAZASANI 2018-2020

Salesman

- Built and maintained strong relationships with clients, ensuring a deep understanding of their needs and offering tailored solutions.
